Plastic Communion Cups
Broadman Communion cups are the result of years of experience and testing. These economical clear plastic cups are designed to fit standard cup trays and give you the clarity of real glass without the worry of breakage. The flared rim is designed for easy handling and the cup edge is smoothed to protect against discomfort to the lips. The lightweight plastic eliminates the worry of handling heavy trays and the cups are disposable or recyclable, which reduces the long hours of cleanup time. Each cup is 1 1/2" high and holds approximately 1/2 oz. of liquid. Cups are stacked and wrapped in plastic sleeves of 25 cups each in boxes for shipping (juice not included).

These cups can be used to refill the cup sleeves from The Basic and The Traveler Portable Communion Sets (as seen on pages 9-11).

Pleated-Style Baptismal Culottes

Both durable and functional, our Baptismal Candidate apparel combines the beauty and drape of the finest gowns and is similar in looks to a choir robe. They are made of a white 60/40 (cotton/polyester) blend with a study, dense, poplin-like texture.

Robes and Culottes have generous pleats that extend around the yoke to the front. The pleats at the center front and back give added fullness. The front is made of double thickness* and closes with a 22” zipper. The Culotte style stays down without weights.

These garments can be machine washed and tumble dry. All robes have rustproof zippers and weights in the hem. The easy-care blend minimizes wrinkles when drying.

*Though made of a dense material to reduce transparency when wet, it is suggested that light colored clothes be worn under these garments during baptismal ceremony.
