READ

Genesis 1:26–28. God gave humans the important job to rule over His creation, and part of that involves loving and caring for the animals. Proverbs 12:10 reminds us, “The righteous cares about his animal’s health.”

Animals play an important role in our lives. Strong, sturdy animals help us carry heavy supplies. Pets play with us and make us happy. Woolly animals provide yarn and fleece for clothing. Insects pollinate plants and flowers. Some animals even give us food to eat, like honey and eggs. Animals are a wonderful, delightful part of creation, so let’s thank God for the animals He has made!

THINK

2. What is your favorite animal in God’s creation? What is special about that animal? Have you ever seen it up close?
3. Why do you think God created so many animals in the world?
4. Do you own any animals? What are their names? What are some ways you can treat your pets well?
