REMEMBER

—Psalm 18:30

READ

Read Psalm 25:4-7. Before anything else existed, God was there. He has been a good, loving God since before you or your mom or dad or grandma or grandpa or even your great-great-great grandparents were born. When we know the truth about who God is from the Bible, we can recognize lies about God. When people tell you that God couldn't be the first one to exist, you can remind them that Psalm 90:2 says that God has existed for eternity. If someone tells you that the world created itself, you can tell them that Genesis 1:1 says God is the creator of everything. And if someone tells you that God isn't with you, you can show them Psalm 139:7-8 which says that God is everywhere, all the time. Knowing God helps us love Him more and trust that He is good.

THINK

1. What is something you know about God that makes you feel happy?
2. Is there a new way you can obey God this week?
3. Tell me two ways you can practice loving God this week.
4. How does it make you feel to know that God made you?
